Reflections Of A Man

Synopsis

Reflections Of A Man is a book designed for both men and women to enhance the quality of their personal relationships. For the women, it encourages you to recognize the true value of your love, to reevaluate your standards and to make the decision that you will no longer settle for anything less than someone who loves you, respects you, and truly makes you happy. For the men, this book will not only encourage you to learn more about the emotional needs of a woman, but it will provide you with clear insight into what a woman truly needs from you, emotionally, to be happy. Through beautiful words of poetry, powerful quotes and advice full of wisdom, Mr. Amari Soul creates a truly enlightening experience for both men and women with Reflections Of A Man. On one hand, women gain a new perspective on the true value of their love, raise their standards and refuse to settle. On the other hand, men become better equipped to, not only understand a woman's emotional needs, but they are better able to meet or exceed their new standards as well.

"TRULY INSPIRATIONAL BOOK FOR WOMEN, MEN, AND COUPLES!" This book was absolutely amazing. I am completely blown away by how much emotion and understanding about women, men & couples that were put into this book. I read half of it the same day I got it in the mail!!! I didn't want to read it all in one day. I will always keep this book close to me. You truly are an inspiration Mr. Amari Soul. Thank you for changing my outlook on life/relationships. I love it because you put pieces of your own personal thoughts into it at the end. I know I will read this more than once in my lifetime. - Brittany Levere, Verified Purchaser "WONDERFUL, AMAZING READ." This book was

amazing from start to finish. I've already recommended it to quite a few of my friends. It teaches you so much about yourself & relationships. I could read it over and over again! I would definitely suggest this to anyone who is in a relationship, planning to be in a relationship or getting out of one. 2 thumbs up! -Nicole P. Ramseur, Verified Purchaser "I CAN READ THESE CHAPTERS OVER AND OVER AGAIN!" I've had the pleasure to read this book at 3am I picked it up and couldn't stop reading . As a women that has been through so much, this book has helped me to have an understanding of so many things and also it is a wonderful outline to get over the pain of the past and start over . This book is a healing remedy to a broken heart and helps you to start over and devise a plan to open your heart to love again. -Jaleesa K. Davis, Verified Purchaser

"AS I HAVE INSPIRED YOU...YOU HAVE INSPIRED ME."Many people have asked me to write a bio. Many people have asked me to put together a package about Mr. Amari Soul, but I have humbly declined. This is about you, the beautiful, strong woman. So, I apologize if this is not what you expected to read in the bio, but this is what I have chosen to write. You see, people do things for many different reasons. Some people do it for the notoriety and others do it for the fame, but I am not interested in either...all I want is change. - Mr. Amari Soul Â

Amari seems to have the ability to read a woman's spirit, essence and, if it's not too ironic, soul. It is a lovely read and gives you the ability to interact while going through the chapters. I found myself nodding my head in agreement and amazement that this man, whom I've never even met, knows what I feel inside so well. This book is a process. One of which I am not going through so the title is a bit misleading. It takes one through the outlining who you are and what you want, then through the difficult stages of deciding whether to stay or go, how to move past an unhealthy relationship and the aftermath of being single. It is moving and inspiring and if you are in these parts of a relationship, a welcoming friend to help you through such events. There is a section that men should read also. It gives helpful insight into a woman's thoughts and what women want and need from a relationship. This part of the book is directed to men. What I liked about this book is Amari's wonderful sense of insight into how a woman feels and the help and inspiration to go on to be who you are and have what you want in a relationship. I could have saved myself a lot of heartache if this book were available when I was making the decision to stay or go in a relationship I was not meant to be in. There is incredible strength in this man's words. This is the first book I have looked into and read by Amari Soul. I do hope he either has or will have a book for those of us who are in a healthy relationship and addresses making a happy marriage even more enriching.

This book gives you hope when you have completely given up. Brings the brightest light into the darkest of places. This book inspired me to keep the high standards that I already have and encouraged me to be better than the great woman I already am. It's so extremely understanding to exactly what we as women go through and exactly what we need in a man. I praise the author that wrote this book because you are going to open up so many men eyes as to how to love and treat women. Thank you for writing this.

Excellent book! Read it in a single day! It's a must read for those men and women struggling with love and relationships. I read this to find perspective and help grieve a broken heart and it really helped me to move forward and look at what I value in a relationship and need from someone to be truly happy. Definitely worth a read!

I actually stumbled across this book the other day when I was searching for ideas on how to improve myself to be a better and healthier women and what better way to get pointers is to read a book through a positive man's eyes and mind. I recommend this to be read and shared amongst couples or yourselves. I know everyone has an opinion about life, but I truly can say I was enlightened from the male and female spectrum, so somethings you can use from this read or pass it along. Thank you Mr. Amari for a wonderful read. I couldn't put this book down.

I am being honest when I say this. This is the best book I have ever read. Up until now I thought the fifty shades of Grey trilogy was the best but this book beat it. I just finished reading it and I read it start to finish I couldn't put it down. I have ever read a book that has been so powerful it made me cry. I thought this was a book for women but this is definitely a book every man should read too. I could not find one thing to disagree with him on. I am so glad amari soul wrote this book it is a life changer. Very well done. Beautiful book!!!! I loved it. Probably going to read it again tomorrow lol

I LOVED this book. It really helped me to see not only the effects of some of my mistakes, but also the effects of my ex's mistakes and form better thoughts/ideas on how a woman and a man deserve to be treated in a relationship. Excellent read and I think everyone could benefit from reading this.

I'd recommend this book to singles (both men and women) and couples alike. The pearls of wisdom

throughout are worth reading, remembering and applying. Definitely a great read and a great book to keep handy for future reference. Great job Mr. Amari Soul! ã ã ã™âœã ã ã™âœ
