Charles Dickens is one of the greatest and most widely read of novelists writing in English. "Great Expectations" is only one of some fifteen novels, all of whose titles are common currency and all of which have been repeatedly dramatized for stage, screen and radio. --This text refers to the Paperback edition.

Nice to have the narrated version in addition to the books for Adult Ed class. Great addition to our learning center

I would recommend this to all classroom teachers who are looking for a genuine recording of this classic novel! It is very well read, and my students enjoyed it!

The case was broken when we received it, however the discs were not damaged and wonderful to

listen to.

Used in my classroom. Follows the novel very well.

This is an unabridged version of the Dickens classic. Not the best choice for kids--I'd go with the abridged Patrick Stewart version for that--but the reader/actor does a fantastic job on this full-length version.

Great audiobook. The complete novella on CD. I have read the book, but found this version refreshing and somehow more entertaining than any movie/TV version I have encountered. The listener really gets a feel for the time and place of this classic.
