# The Successful Internship

## Synopsis

THE SUCCESSFUL INTERNSHIP: PERSONAL, PROFESSIONAL, AND CIVIC DEVELOPMENT, 4th Edition, offers you more than just a resource for how to find a position or how to interview. It addresses the concerns, emotions, needs, and unique personal challenges that are the essence of an internship or field experience, and focuses on the internship as a vehicle for your development as a civic professional. The authors describe in detail the path of change you'll find yourself embarking on and the challenges you'll face along the way. A four-stage model of the internship process--anticipation, exploration, competence, and culmination--places the material in a meaningful framework that lends structure to your understanding of the work you'll be doing. ## Customer Reviews

This book is great for young interns. For interns that already have job experience in other areas, not so much.

Excellent tool for a very interactive class. Book details the entire process of what it is to be an intern; from looking for an internship, interviewing for the internship, preparing for the internship, and arriving at the end of the internship and all the ins and outs in between the process. Great book.

came, as promised, in condition listed.

Just beginning the few chapters I'll read, but have read some in previous class. It's a good book and easy to understand.

Saved a ton over the bookstore at the college. Good material. Great pre-internship preparation.

The book was in pretty good condition

great service and product
