Voyages In English Writing And Grammar 8

Synopsis

Crafted around eight real-life writing applications, Voyages in English helps students realize the connection between sentence structure and expression. Each chapter is a separate genre study that integrates grammar, word, study, life, and speaking and listening skills within context. A seven-step writer's workshop is included in each chapter to guide students as they develop portfolio pieces that exemplify each genre.

i have used voyages from second to eighth and love the english/writing books.grammar in the back and writing in the front, it is a very strong english program.book was very clean and shipped in about a week. will buy used and from this seller again. way to go, with your great sellers!

Wroks perfectly.

excellent

This book was just what we wanted. It was in great shape and is a great resource book for us.

Bought the book for my child who is at school but it will eventually find a place in my library. The book is divided into two sections with the first detailing written and oral communication that helps with one's writing and the second that acts as a good English grammar reference.
