great guide...good information a little short on each site and could have used where to get air or local scuba shops should have been included.

If you're in New England diver definitely book is a must to own, mom diapers that have three interesting information as well. Even if you're not driving in New England to learn about the history and amazing locations.

good book

One of two guides I know of that cover shore diving in Maine, and this is amazing...a must for any shore diver in Maine, and I can only assume the same for the rest of New England.
