Political Science: An Introduction (13th Edition)

Synopsis

Explains the basics of political science   Ã Â   Political Science: An Introduction, 13/e, provides a comprehensive and jargon-free introduction to the fieldÃ¢â ¬â„¢s basic concepts and themes. It draws examples from the U.S. and other countries to introduce the entire field of political science to new readers. The authors stress how exciting politics can be, balancing practical and theoretical knowledge. Ã Â MyPoliSciLab is an integral part of the Roskin/Cord/Medeiros/Jones program. Activities and videos help readers engage in the material and retain its main points. Readers can watch videos that explore the key topics of politics and participate in simulations that allow them to experience politics firsthand. Assessment in MyPoliSciLab helps gauge readersÃ¢â ¬â„¢ progress. Ã Â   Note: MyPoliSciLab does not come automatically packaged with this text. Customer Reviews

Michael G. Roskin is Professor Emeritus of Political Science at Lycoming College.

This paperback book is lightweight and condensed with lots of easy to read study information. Each chapter is clear, thorough and well formatted with key reference terms identified and referenced. I thought this book might be boring but on the contrary, it has been very interesting with lots of history noted within the study of politics. Although I didn't have a choice in my book purchase as this was for a class, I feel this book could be read, understood and enjoyed by individuals reading for pleasure and knowledge.

Roskin explains the political system in very simple, brief, and direct terms. Short chapters, easy concepts to understand and grasp, and an overall good examination into the political systems of the U.S. and other nations. It is a good book for introduction/lower division political science classes.

For students: I honestly found it to be too simple for an introduction to political science course textbook. It doesn't go into enough depth for what is discussed, and it ultimately seems too easy.For anyone else: It reads like a novel, with short chapters and relatively easy to comprehend language. Can be useful if you want to just get an extremely basic overview of political science, or if you want an easy refresher.

Very basic. If you're anything other than a beginner I'd recommend finding something else.

As expected. Helpful with college class. Good quality.

Didn't use it for political science class it's an okay textbook

This is not the book I thought I was buying. And it's damaged severely. I'm glad I ended up not needing the book because the one I received was not the one I payed for.

Succinct and clear written
