# Does The Center Hold? An Introduction To Western Philosophy

## Synopsis

Does the Center Hold? is an entertaining, topically-organized introductory text with more than 500 original illustrations. The ideas and issues typically covered in introductory philosophy courses are presented here in a remarkably accessible and enjoyable manner. Donald Palmer demonstrates that serious philosophical inquiry may be perplexing, but is ultimately liberating, and students will come away from the book with a comprehensive, and often delighted, understanding of philosophy. ## Customer Reviews

Poor - Most suitable for elementary level students and not serious academics

I can't say that I love any college text book but the price beats any book store.

Reading this was a misery because of the ridiculous font the entire text is written in. Juvenile.

Rediculously over priced!! Shameful to charge so much for a paperback!

Great rental book if you're no planning to keep after the course. Highly recommend to rent and not buy.

Otder the book for class.

There was quite a bit of scribble in the book, but other than that it was perfect. The convenience of renting the book was amazing!

good condition
