Customer Reviews

Merriam-Webster has been creating America's bestselling dictionaries and thesauruses for more than 170 years, representing a tradition that dates back to the creator of the first dictionary of American English - Noah Webster.

Good for the price. I gave one to each of my middle school ESL students. They have been in American schools all their lives, but in their homes, the first language is spoken; thus, they have not encountered much higher level vocabulary in their daily lives. This dictionary is helping them learn the meaning of words they hear on CNN Student News.

Gave these to my junior high literature students. They love them

My son's teacher gave him extra praise for this product and ordered some copies for other students

It was not for me it was a school supply I had to buy for my child it is slim and fits right in your Binder great for students

I like the dictionary because it fits nicely into my daughter's binder. However, she has complained that the print is too small so we wish it were a little larger. It contains everything she has needed so far to meet the elementary need.

Came quick ! Was what my daughter needed for school

Met my expectations. Put in book bags for Elementary children. They fitted right inside of their notebooks. I will purchase again.

great for all classes
