I sent this back because it was not what I was looking for at all. The arrangements are very simple. I gave it two stars because I absolutely hated the accompaniment. It sounded like a synthesized orchestra. However, this may be good for a beginning flautist. I am intermediate/advanced.

These flute solos go with the piano book very well and are not so difficult that we have any trouble getting ready to play every Sunday.

Used this book growing up. Lost it, but so glad I found it on here! Great transaction. Just as

described.

Nice selection!

Good song book

I have had this book for 9 yrs and I love to play the arrangements in this book. The CD accompaniment is very beautiful it sounds as if I am playing with a full orchestra and it feels good. I use this book to help some of my flute students overcome their shyness in performing in front of people. Sometimes I get a little emotional when I play some of these pieces because I sing these hymns in church. It was a good investment and always popular for church, weddings and birthday parties.
