Customer Reviews

This series is an excellent supplement to the standard Suzuki violin repertoire. The solos supply welcome variety and, like etudes, introduce or enhance skills beyond the demands of the Suzuki pieces. With a good teacher, this series can round out the progression of skilled young violinists. Of particular note, since the reviews are confused or conflicting on this point, I can confirm that my order of this item, Solos for Young Violinists, Vol. 3, includes two books (1) the piano part (with the violin part in smaller notation above it), and (2) a separate violin part for the soloist. It does not come with the CD, of course, which must be ordered separately.

Great book!

Perfect

When I purchased this I did not note the volume number. When I spoke with the recipient she stated it was a little difficult ... only to learn she asked for volume one...beginner. It will be perfect at a later time. Or for a challenge. Now she has volume one also.

Great!

We ordered this book for our daughter upon the recommendation of her violin teacher. The music seemed much too difficult for her - then we noticed that it was Volume 6 of a series! Nowhere in the description of the book does it mention this is Volume 6. Looking back now, with a magnifying glass (literally), I can see volume 6 in the left-hand corner of the picture of the book. But even when you look at the front cover view, the top is cut off so you wouldn't see anything about Volume 6. We would be returning it but her teacher offered to buy it from us. Now we will go to a local store to make sure we are purchasing the correct item, which we should have done in the first place. Very misleading description.

DON'T BUY THIS if you want Volume 3 with both the violin part and the piano score!!!! purchased this and received Volume 1 with the piano part only. This is sold in music stores as a 2-book set, the violin book and the piano score. They are not including the violin book in this offer. They were fine with giving me a refund, but I'm disappointed that they haven't fixed the product information.
