The Principal's Quick-Reference Guide To School Law: Reducing Liability, Litigation, And Other Potential Legal Tangles

Synopsis

Minimize site-based risk while respecting the legal rights of students, staff, and parents! These recognized school law experts translate the intricacies of school law into proactive day-to-day leadership practice. This second edition contains programmatic guidance for other school district personnel, "management cues" and "risk management guidelines," a comprehensive index, and references to landmark court cases, coverage of the No Child Left Behind Act, and information on state-created danger and deliberate indifference. School administrators can quickly find guidance on issues such as: Staff selection and evaluation Student rights and discipline Special education and IDEA regulations Copyright law Search and seizure Sexual harassment and exploitation

Customer Reviews

"The examples and vignettes are right on target! The authors share the information most relevant to the daily activities of administrators, and their coverage is very complete." -- Michelle Kocar, Principal
"The authors have taken a topic that could cover volumes and produced a concise, easily understood desk reference that I have already used on the job." -- Stephen Handley, Principal

"The authors have taken a topic that could cover volumes and produced a concise, easily understood desk reference that I have already used on the job." (Stephen Handley, Principal 2004-12-02)
The examples and vignettes are right on target! The authors share the information

most relevant to the daily activities of administrators, and their coverage is very complete.â •
(Michelle Kocar, Principal 2004-10-12)

This book is clearly written, straightforward, and very informative regarding school law. Each chapter has case studies that help the reader to consider how the law will actually play out in various situations. What may also be a necessary companion to this book is a guide to the reader's home state laws regarding schools, because this book is non-state-specific.

This book was very helpful. It had all of the information that I needed for my class. It had an index that made it easy to find the information that I needed easily. It was an easy book to read and understand.

This book should be on the desk of every school administrator. I have only read it once, but I know I will be referencing it for the rest of my career.

This was a very informative text and a must have for any school administrator. Finding the answers to your legal questions are made easy.

Great product

not a lenthly law book; good for the educator on the go. even parents of students could greatly benefit from this book.

I would look around for a more current law guide. This is ok but soem of the information is outdated.

Ass promised, does a nice job explaining school issues. I am studying for my admin credential and this book helped me.
