Age Range: 1 - 3 years

Grade Level: Preschool and up

## Customer Reviews

Roger Priddy left school at 16 with just one qualification – in art. He went to Berkshire College of Art and Design and trained as an illustrator. His first job in children's books was working with the publisher Peter Usborne, at Usborne Publishing, and then he worked with Peter Kindersley at Dorling Kindersley, where he spent 16 years. Priddy became Creative Director of DK's Children's Division and was Managing Director of the children's mass market publisher Funfax when it was acquired by DK. In 2000, he created Priddy Books with John Sargent at St Martin's Press to create innovative and imaginative titles for children, from first books for babies through early reference titles for older children. Since then, over 30 million copies of Roger's 200 plus books have sold worldwide, with five of his books – My Big Animal, My Big Truck, Happy Baby Words, Happy Baby Colors and Puppy and Friends – each selling over one million copies. He is also the author of Big Board First 100 Words; Big Board Books Colors, ABC, Numbers; and Bright Baby Noisy Monsters. His creativity has been recognized with numerous industry awards. Priddy lives in

London with his wife Zena and their four children.

My son absolutely loves this book! He received this book at 10 months of age and I wish I had it sooner. He picks this one up out of a pile of books for me to read to him every day. I have to say I love the colors and he does too. This book is perfect for babies who are preparing to speak for the first time. I was hesitant about the size of the book as it's rather small but it's actually perfect for little hands; he carries this around everywhere. I also love that the pictures are real life images and not drawings. I'll definitely look into similar books.

Love this. I am a Latina and my son is half. He is having a hard time grasping Spanish even though I speak in both English and Spanish to him. I'm hoping these small steps will help.

Cute book and my little granddaughter loves it! She needs to learn to be bilingual so that is a great way to help her to learn both Spanish and English.

Read this with our daughter right when it arrived and was impressed with how many animals were included. She loved the bright pages and clear pictures of the animals.

I purchased 3 similar books as a gift, because I have these books for my daughter who loves them. They are easy to hold, turn the pages, and she loves the clear photos and bright colors. Bonus points for words in English and Spanish. I would definitely recommend this line of books for your little one.

When we received this book, I wasn't as happy about it. I thought the pictures were a bit dull and was afraid my son wouldn't like it. But he loves it! They hold his attention well and he loves to turn the pages. It has some more interesting animals in it than the typical cat, dog; though I do wish it had fewer of the animals like elephant and chimpanzee whose names are almost the same in both languages and more of the unique ones, but that's a really minor, personal wish rather than even a complaint. The best part about this book for babies, however, is the material it's made out of. I wish all board books were coated in whatever this is coated in, because it's the only book we have that he hasn't managed to chew off a chunk of the binding! I know I can hand him this book to look at when he's in his high chair or play pen and go do something else for a minute because he won't swallow pieces of it, and that alone is worth the money.

Another one of Roger Priddy's baby books *Animales* in English and Spanish. Fun colors and pictures.

I got this as a gift for a friend's four-year old son whose primary language is Spanish but goes to English speaking pre-school. I liked the big pictures of animals with the words in Spanish and English. He quickly got into 'reading' the words as he looked at the pictures.
