# Exploring Landscape Art With Children (Come Look With Me)

## Synopsis

In COME LOOK WITH ME: EXPLORING LANDSCAPE ART WITH CHILDREN art educator Gladys S. Blizzard introduces boys and girls to 12 magnificent landscape paintings. Through these carefully selected works and a thought-provoking text, the author guides students toward an imaginative new way of looking at art. This book is suited both for family reading and for sharing with a small group. Each full-color reproduction is accompanied by a brief biographical sketch of the artist and a series of open-ended questions designed to make the most of a child's natural curiosity.

## Customer Reviews

This is a wonderful book that will enrich any adult or child. Many children's books have lovely illustrations, but this one uses colorful and well-reproduced landscapes created by famous artists on one page, along with brief texts about the artist and picture on the next. Thoughtful questions are posed to help create awareness and understanding of a situation, and to help youngsters probe the paintings in-depth. This is an unusual book in that it can be enjoyed by the very young and their parents, or employed as an exceptional teaching tool by art teachers. Although the volume is slim, it can be experienced again and again. This will be a worthwhile addition to any public library.-

"...the COME LOOK WITH ME series enriches us all." -- American Educator, Quarterly Journal of the American Federation of Teachers "Unlike many art books for children, these collections will intimidate no one and open new doors for many." -- The Horn Book "A source of fresh ideas for making fine art meaningful to children." -- Booklist, American Library Association

We have loved all of the Come Look With Me books. They are a great way to introduce art (and how to appreciate it!) to young children. Yes, a parent could probably do this same thing with their child, and skip the books, but I'm not incredibly insightful and I usually can't come up with the kind of discussion points that these books do. I love art & I love being able to share that interest with my kids in an easily engaging manner.

Gave me some good information about the artists.

short and sweet little introduction to various artists and styles to which my children had not yet been introduced. Liked the thought provoking and discussion encouraging questions that go along with each represented piece of art. price was right too. I would have preferred a little more oomph to the book, as it is quite thin... all in all, a good pick. I will be purchasing others in the "come look with me" series.

My 4 and 5 year old boys loved doing this as a part of their school curriculum

Great book for children to learn art. My 4 and 5 year olds like it !

Book arrived on time and in excellent condition! This is a great book for teaching art (CM Style) with wonderful pictures and brief excerpts for each picture. Love it!

wonderful

This is an easy way to teach art appreciation to children, even very young ones, and you can follow up with a trip to an art museum.
