Customer Reviews

A unique mix of fiction and a great biography that kids can't put down. Our whole family loves this series and as a mom, I love handing these to my kids. They have learned to love history because of these books and I appreciate an outside source that reinforces the good character qualities that we have worked to instill.

Journey To The End Of The Earth takes place at the time of the San Francisco earthquake of 1906. Jerry and his Uncle are visiting a popular warehouse church where the preacher William Seymour predict a powerful earthquake. Jerry is even more impressed with the preacher's message and by the hundreds of worshiping together without regard to who is race or color. Jerry wants to believe, but knows he'll have to reveal a dangerous secret from his past. Can he summon the courage to find faith? An engaging, powerfully written historical novel.
