Customer Reviews

As part of my review for the Graduate diagnostic music theory exam at WSU, I find this text to be very helpful.

It was advertised on the website that it was a book AND four CDs. I only received the four CDs. Thank you for that, because now I don't have money to afford a new text book and I have to borrow someone else's and xerox my homework twice a week. Awesome.

The book was in perfect condition and new, but it came without CD.

Great book. It was helpful when learning ear training. Used it in a class and will keep the book when I'm done.

This is ISBN 0393102785. It consists ONLY of a set of four CDs. It is intended to ACCOMPANY the book "A New Approach to Ear Training", 2nd edition, by Leo Kraft. It is NOT the book itself.
