ROGER LOVE is recognized as one of the world's leading authorities on voice. Roger's singing students range from The Beach Boys to Eminem, and his acting clients include celebrities such as Reese Witherspoon and Joaquin Phoenix. He also instructs professional speakers such as Anthony Robbins and Suze Orman, as well as radio personalities such as Dr. Laura Schlessinger and Glenn Beck.

I'm not finished with the CD series, but, so far, I like it

I really liked this set of CD's. It gives you practical hands on advice and helps you understand what it takes to improve your speaking and singing voice. I recently took a course on voice development and I have to say the information in this set was superior. The first CD is a little too much PR but once past that it is invaluable. If you are just starting out then this is an inexpensive way to gain really good info....buy it!!

A great voice coach! Makes reference to a manual which I don't know how one gets--would be great to have info on it on the cd so you could download it.

Roger Love really knows his stuff! This audio teaches you in the funnest and easiest way possible! I listen to it over and over!

This program is well worth listening to if you have to do any public speaking or you want to sound better in everyday speech.

some of the other posts mentioned the lack of instruction on how to find the work book: did a bit of searching and here it

I wanted a CD that contains series of vocal training and do a 30 mins practice before I go to work. This CD contains vocal training, but however I felt author talks too much in CD.

Valuable information delivered from a master. Listening to the program is an investment in myself that I will most definitely repeat.
