Customer Reviews

Author has a great many things to say that need to be said. Recommend this book to all young men.

Awesome book very informative.straight forward,look at where our modern society is.

For WEAK men! In a weak world, run by a weak societymen need to be around strong men, and read strong books.Read this book, it will straighten you out!

A very inspiring book on what it means to be a man. I inhaled every word. There is no fluff in this book. It is a blunt assessment on the ills of our society coming from the weak male. It all begins with the mind. Mr. Sledge will get your mind right.

Really, really enjoyed this book. Charles truly defines what every man should aspire to be. In today's society, every young man should read this before he becomes overly feminized by the mainstream media and society in general. I look forward to reading the author's other books

I'm almost done with this book and I have to say I know a bunch of men who need to read this book. It is instructive as well as inspirational. (Too bad he needs a better proof reader because there are so many typos in this - just man up and read it anyway.)

Very good! Good read, good advise. A little extreme, but true none the less. Will read more of your books.

The grammar and lack of sentence structure is an absolute nightmare, to the point where I can't always follow what the author is trying to say. I agree with the overall theme--that's why I bought the book in the first place--but the e-book really needs to be edited.
