## Customer Reviews

What a fun book. Super bright colors, great graphics, and what a fun storyline. My son is a beginner reader, he's 6, and needs some help with this, but for the most part young readers will know most words. This book is appropriate for all ages, but will work best for kids with a good sense of humor.

Got the book as a gag gift for my boyfriend. He loved it and told me it was based on his favorite episode. Needless to say the book was a big hit. Funny story and great illustration.

I love how fast I get books for my kids great for kids

Great book, my son loved it!

Kids love this book!

My 6 year old loves Teen Titans GO! He really likes this book. It's funny, just like the cartoon and definitely worth the price!

My son loves this cartoon and being we want him to read more, he started reading it as soon as he got it

One of mine and my son's favorite stories. We love watching TT so it makes even better when I imitate the way they talk during story time. Great book. Very fun!
