I wasn't impressed with this guide at all, very disappointed by Lonely Planet. I found some of the authors' attempts at witticism just plain old condescending.

It's a 10 year old book...

Arrived in time with excellent quality. I really appreciate the low price you offered. Thank you and it is a wonderful book for a traveller

Good book, conditions were as described and it worked for what I needed. It is a bit old (2007 edition).

Just got back from Toronto. The tour book was perfect. Not too big! Very organized, and had great maps in the back.

This was a gift to a friend who is relocating in the Toronto area. She was thrilled with the book and feels it will be very useful to her once she gets situated.

This is great for getting an overview of things to do, places to stay and where to hang out.
