Customer Reviews

I read this book with my now grown children and am reading it again with my grandchildren. A beautiful collection of poems for kids of all ages. It does not condescend to children by including nursery rhymes or sentimental claptrap. Many of the poems were not written for kids but all are accessible.

This book is one I plan to pass down to someone in my will. It has something for everyone and gets so many different emotions going. The variety is amazing but the quality is consistently superb.
