# Quest For The Heart (Disney Moana) (Step Into Reading)

## Synopsis

Walt Disney Animation Studios' Moana is a sweeping, CG-animated comedy-adventure about a spirited teenager on an impossible mission to fulfill her ancestors' quest. In the ancient South Pacific world of Oceania, Moana, a born navigator, sets sail in search of a fabled island. During her incredible journey, she teams up with her hero, the legendary demi-god Maui, to traverse the open ocean on an action-packed voyage. They encounter enormous sea creatures, breathtaking underworlds, and ancient folklore. This Step 3 Step into Reading leveled reader based on the film features a shiny cover and collector cards. Perfect for children ages 4 to 6.Â Â Step 3 readers feature engaging characters in easy-to-follow plots about popular topics. For children who are ready to read on their own.

## Customer Reviews

Our kids love everything Moana and this book is no exception! It very closely follows the movie with great illustrations. Level 3 is recommended for first-third grades and I would say that is fairly accurate for this book. Our second grader read this with ease. Our first grader needed some help with the names but was otherwise fine. The sparkly stickers are super fun! The kids have enjoyed sharing those.

We love the step into reading books and this book is no exception. My 9 year old loves to read them to herself, my 6 year old loves to work on her reading aloud with her favorite movie characters and my Moana obsessed almost 2 year old loves to listen to her big siblings read or just sit and flip through the pictures by herself, and of course everyone loves the cute stickers. So glad we bought this for our family Easter basket this year.

Perfect for early readers. Written in simple block format so it's easier for the 5-6 age group to see and read. It lacks a lot of big words making it well suited to beginners. It is not a historically accurate representation of the culture. If you are looking for that I suggest looking elsewhere. If your kiddo is a Disney fan this is a great tie in to encourage reading.

My daughter has always enjoyed the Step into Reading books. Given she is a Moana fanatic, she thoroughly enjoyed this book for the story and for the artwork. She's looking forward to using the stickers to customize the scenes. Although this is a Step 3 level book, which is intended for Grades 1-3; it will be an easy read for a 3rd grader. I also purchased the Moana Hearts and Heroes sticker coloring book. That book included a digital download, which was this Quest for the Heart book. So now my daughter is excited to have both the hardcopy and the electronic version.

So awesome to see my girls get excited about this book

The book I received has severe water damage. The story itself was sort of what I expected. Short and to the point. This one was more like a level 2 instead of 3 compared to other books from the same line. This is the only Moana story I have purchased from the collection; I own Rapunzel, Ariel, and multi princess stories from the line as well. I can not compare it to any other Moana stories, but this is a good start for young kids as long as the storyteller knows the story and can add and build on the lines.

Moana is my daughter's favorite. She has the wig, costume, book bag, accessories, clothing, movie and now books. We will enjoy reading this together and soon she will be reading this to her little sister. I must include a book as a gift for every child! Books are the gifts that keep on giving...

This is a great little book with a lot of stickers in the back!!
