Synopsis

From snowmen and Santas to puppies, pigs, and pirates, even beginning carvers can make 32 charming animal, holiday, and fantasy carvings with Quick & Cute Carving Projects. Author Lorie Dickie shows how to get started using just a blank basswood egg and a few simple cuts. Readily available at craft stores, pre-cut basswood eggs are a great way to learn the basics of in-the-round woodcarving. These pre-made blanks allow new carvers to achieve instant success, and help make the first project fast and fun. Lorie's clear carving and painting instructions walk you through the entire process with step-by-step color photographs. Ready-to-use holiday-themed patterns are included for Halloween, Thanksgiving, Christmas, and more.
