Customer Reviews

I homeschool and used this for myself while my kids (eleven year old girls) read the actual book! It helped me create dialogue for discussions after each chapter. I also made up quizzes using these cliff notes.

My son is Aspergers and not the greatest at creative writing this described characters that he did not think was important and explained why. It has all the vocab by chapters now I want you to understand this was the tool I used to help him I did not hand it over to him. It is too good and teachers are aware so they add stuff to tests and report that is not in here so if you are a student

reading this you better read the book also this is an aid not a replacement....

Thanks

Cliff notes are pretty straight forward.

highly recommend

A great companion for the book. Lots of detail.

Print is SO tiny!!! Content is great!

It was a gift.
