# Thornton Burgess Bedtime Stories

## **Synopsis**

A beloved storyteller takes young readers - and listeners - to the Green Forest to recount the adventures of Peter Cottontail, Mrs. Quack, Jimmy Skunk, Danny Meadow Mouse, and other woodland friends. Author and conservationist Thornton Burgess (1874-1965) wrote thousands of stories reflecting his fascination with wildlife and concern for nature, teaching generations of children gentle lessons about ecology and respect for the environment. These stories are exclusive to this edition and are unavailable in any other Burgess collection.

## **Book Information**

Audible Audio Edition

Listening Length: 1 hourÂ  Â andÂ  Â 58 minutes

Program Type: Audiobook

Best Sellers Rank: #17 inÂ  Â Books > Audible Audiobooks > Children's Books > Animals #212 inÂ  Â Books > Audible Audiobooks > Children's Books > Fiction

## **Customer Reviews**

I purchased this book book for my (then) 5 year old son and he loves it! This book is a compilation of chapters from the original books and therefore it should be noted that it DOES NOT include the full stories (i.e, books). Despite this fact, it is still a great addition for a young child or as an intro to Burgess' stories. Also, since my son enjoys listening to stories on his mp3 player, we added these and he was VERY excited about having this book as take-anywhere, read-along material. The pictures are also very nice and a wonderful addition. . .he enjoys just thumbing through the book to look at these, reminiscing about the events of each story. Overall, an excellent purchase and highly recommended.

The audio book is very enjoyable - great narrator!

Thornton Burgess's stories may be old, but they still resonate with young children. My daughters love the stories and it sparks their imagination. In addition, the CD's are complete and are over 1 1/2

hours. This is an excellent addition to any child's library and the CD's extend the value. They are great for rest times, or nap/bed times. The only possible negative is that the book is a paperback, and your child may read it so many times that the book may wear out quickly. But this is well worth a look.

I had this book as a child and was thrilled to find it again. They don't write 'em like they used to. The stories and pictures are wonderful and are great for bedtime stories.

I remember these books from my childhood, and am glad to see that they are still in print after 70 years! As I looked through the collection with an eye to choosing certain stories for my grandchildren, I found myself wanting to include all of them, as I remembered them all so well. Large print, nice illustrations. Can't wait for my 6 yr old to read them to me!

For my granddaughter. The fourth generation to enjoy Thornton Burgess.

This is a good book, however the copy I received was in poor condition, though it was described as very good.

This is a compilation of Burgess' classic tales of animals and is a wonderful work. It is, however, consisting solely of brief excerpts of his other books. His other works on animals rate a 5-star by me.
