Customer Reviews

"Known for its four-color maps, photos and illustrations, the [DK] Eyewitness Guides are extremely user-friendly for travelers who want their information delivered in a concise, visual way." — Chicago Tribune "The best option | Color photos, maps, and diagrams bring the place to life." — The Philadelphia Inquirer

Excellent book! I own the previous edition of the "Bulgaria: DK Eyewitness Travel Guide" and this new and improved version remains the BEST and most complete travel guide on Bulgaria, period. It has the perfect balance of key travel destinations (historic, cultural, natural, etc.) and hidden gems throughout the country. A few highlights: (1) Wine Regions - I like how they've added the "Wine Regions" section, which allows the travel to learn about and experience Bulgaria's indigenous wines and its long history of wine-making dating back to antiquity. (2) Valley of Thracian Kings - Another useful addition is the "Valley of Thracian Kings" section, which outlines a good itinerary for the mystical Thracian tombs dotted throughout the country. (3) Hiking Trails - Finally, I like how they've highlighted that Bulgaria is one of the best hiking destinations in Europe with its many mountains and marvelous hiking trails. One recommendation for next edition is to include a few pages on Bulgaria's many mineral baths and spa towns, which date back to Roman times and are undiscovered gems tucked away in the mountainous regions. Great job overall though!

Although I used the Lonely Planet guide book most of the time to plan my free time while I toured through Bulgaria for 2 weeks recently, I found this guide book very informative and well-written, when I looked back at what I had just seen. Certainly, the hours of operation and other changing information was much more reliable in this book than in the Lonely Planet book, which was written in 2012. I think this book was 2015. Bulgaria is evolving as an EU and NATO member, from a Soviet block country, and has lots to offer, even though it doesn't have anything "blockbuster" about it.

Best Bulgaria travel book but the font is teeny and it isn't opinionated, as Rick Steves' books are.

Still, very helpful.

Excellent book; however, the only reason for 4 stars is the RELEASE DATE of this book. This should have come out before June, the start of the summer, so travelers to Bulgaria could have used it right from the beginning of the summer. August is too late. Also, would love for this book to be updated every year, not every three.

Excellent as usual.

This book was a great help. It provided insight before I arrived. My Spanish teammates were amazed that it provide detailed, accurate information for restaurants and other attractions in Gabrovo, a nice town definitely off the beaten track.

DK Eyewitness books are the ONLY travel guides I buy. Best maps and attention to details. Make sure you get the most up to date book available.

okay as a travel book
