# Schechter's A Short And Happy Guide To Torts (Short And Happy Series)

## Synopsis

In this concise book Professor Schechter, an award-winning teacher and prominent national bar lecturer, balances brevity and humor with a clear, crisp and thorough review of basic torts doctrine. His comprehensive survey includes not only thorough coverage of core topics, such as negligence and strict products liability, but also provides an overview of the economic and dignitary torts, damages issues, and vicarious liability. As the series title promises, the author has kept it short, and the book will make students happy. Learn more about this series at [ShortandHappyGuides.com](http://ShortandHappyGuides.com).

## Customer Reviews

My professor recommended this as review before the final. It was really helpful and takes a simple digestible approach that won't overwhelm you. That's what professors are for :)

The "Short and Happy" guides vary in quality, but this particular guide is very clear. It keeps from being wordy, explains each subject clearly and efficiently, and even throws in some humor that doesn't feel forced. Reading this before you dive into your casebook makes everything much easier

to understand.

Succinct review of a subject that is not intuitive.

good intro to torts even for lay people (non law students)

Possibly the BEST "additional material" reading I've ever read! I actually had the pleasure of having Professor Schechter as my Torts professor, so I may be a bit biased. But even though the classes were great, this book was SUCH an amazing short and concise review of Torts. He covers every topic and makes it so simple to understand, it's amazing!

this is the most readable and best and funniest book ever, He's great because when you read this you learn at a high level and its still law not just outline. He has a wry sense of humor which helps.

An excellent and easy-to-understand overview of torts. I intend to read it again once I've finished the class, to prepare for finals.

Great to review and remind the "lay lawyer" of all the bases to cover when assembling a case.
