Edge Of Apocalypse: A Joshua Jordan Novel (The End Series)

Synopsis

The End Series by New York Times bestselling author Tim LaHaye and Craig Parshall is an epic thrill ride ripped from today's headlines and filtered through Scriptural prophecy. As world events begin setting the stage for the "end of days" foretold in Revelation, Joshua Jordan must weigh the personal price he must pay to save the nation he loves. In this adrenaline-fueled political thriller laced with End Times prophecy, Joshua Jordan, former U.S. spy-plane hero turned weapons designer, creates the world's most sophisticated missile defense system. But global forces conspire to steal the defense weapon, and U.S. government leaders will do anything to stop the nation's impending economic catastrophe—including selling-out Jordan and his weapon. As world events begin setting the stage for the "end of days" foretold in Revelation, Jordan must consider not only the biblical prophecies preached by his wife's pastor, but the personal price he must pay if he is to save the nation he loves.

Edge of Apocalypse pulls you into an adrenaline-fueled political thriller laced with End Times prophecy. From Tim LaHaye, creator and co-author of the world-renowned Left Behind series---the most successful adult fiction series ever written---and Craig Parshall comes an epic story ripped from the headlines of world events and filtered through Scriptural prophecy. Set in the near future, Edge of Apocalypse chronicles the beginning of The End---the earth-shattering events leading up to

the Apocalypse foretold in Revelation. Joshua Jordan, former U.S. spy-plane hero turned weapons designer, creates the world's most sophisticated missile defense system, a laser shield code-named Return to Sender. Even as Jordan hopes to secure America against a brazen array of new enemies, he finds himself trapped between international as well as domestic assailants. Global forces conspire to steal the defense weapon even as U.S. government leaders will do anything to stop the nation's impending economic catastrophe---including selling-out Jordan and his weapon. With help from a group of powerfully connected Christian leaders known as The Patriots, Jordan works to save the nation from economic and moral collapse---and to clear his name. As world events begin setting the stage for the 'end of days' foretold in Revelation, Jordan must consider not only the biblical prophecies preached by his wife's pastor, but the personal price he must pay if he is to save the nation he loves. --This text refers to the Audible Audio Edition edition.

Great story. It intrigued me when the synopsis said the hero was a reconnaissance pilot. Not much of that going on in the story but a great premise anyway. I will definitely get the sequel. The authors were able to write an exciting thriller story with a good clean dialog. All the normal four letter words in these kinds of novels were missing. It wasn't preachy either. My only little tiny annoyance is there were so many people I sometimes couldn't remember who was who.

I really tried to like this book, but had to quit at the 17% mark as not many things made sense. The scenes were jumbled and really didn't connect, which is surprising as I've read other books by LaHaye and enjoyed them. This one had a lot of potential based on the description, but the writing just wasn't very good and this one needs a good editor to help hook the reader much earlier vs. slogging through it. I would give this one a wide pass.

I didn't like the first half of this book at all. It was scattered around so much and too many characters

were thrown at you. It took me almost 2 months to get through it. I finally made it past the first half and it got more interesting. Finished the 2nd half in no time. I'll give the next book a try to see if this series is worth pursuing.

I purchased The End Series for my adult son. We both enjoyed The Left Behind series which was popular in the 90's, in fact, he had started reading them first and encouraged me to read them as well! We were huge fans, I think we both read the complete series twice. I was looking for something to send him, as he loves to read, and I happened upon these. I was skeptical wondering how they could top Left Behind. My son says these were great! He read all three books in a week and said it was even better than Left Behind! When I jokingly mentioned he should have read slower, he said he couldn't put them down. Maybe he'll let me borrow them so I can see for myself?

I love this book and the whole series. It has an amazingly powerful message and is more of a sneaky book when it comes to its message. The Left Behind Series kind of bashes you over the head repeatedly with the message of redemption and forgiveness. Which is why I love that series too. BUT this one sneaks in to people's hearts and gets them thinking. I have 2 of this series of books now. One for me and one to pass around to friends and family. They all got pulled in by the suspense and action and ended up having a really good conversation with me about it.

A nail biter to tell a story that could be going on right now in the US. Well written 1st book in this series. Couldn't put down till I read it all. Intrigue at its best.

Very good book. Loved the entire series.

Enjoyed reading! Very realistic, fast moving, easy reading, hard to put down. I believe it could be real life. I highly recommend.
