Customer Reviews

Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

I haven't used the backing tracks yet, I have been just playing along to the actual songs. I have been playing drums for just under a month now and practice pretty regularly and most of these beats are super easy. Most of my trouble comes from playing living after midnight. The rest of the

songs (other than some fills) should be no problem for a beginner. The book is well written and having the words above the notes makes it much easier to find your place if you get lost. It is a little annoying to have to flip the pages for every song but I don't know if page flipping could have been avoided altogether. Anyways, good songs, quality writing, good price.

A good book and CD for just learning how to play some songs. I wish the book had a spiral binding-it would be easier to flip the pages. I never took any drums lesson and this is a great way to start especially if you can read the music.

great

Great selection. CD is good to have. Love it

wish it had lyrics but otherwise very realistic to real tracks and great to play along with

Too bad with out cd

Great songs, in a great beginner book! Play along CD is very helpful.

One can learn the basics from this book. Of course there will be a need for further instruction, but it is a good start.
