Larry J. Siegel was born in the Bronx in 1947. While living on Jerome Avenue and attending City College of New York (CCNY) in the 1960s, he was swept up in the social and political currents of the time. He became intrigued with the influence contemporary culture had on individual behavior:

Did people shape society or did society shape people? He applied his interest in social forces and human behavior to the study of crime and justice. After graduating from CCNY, he attended the criminal justice program at the State University of New York at Albany, earning his M.A. and Ph.D. degrees there. Dr. Siegel began his teaching career at Northeastern University and has also held teaching positions at the University of Nebraska-Omaha, Saint Anselm College in New Hampshire, and in the School of Criminology and Justice Studies at the University of Massachusetts-Lowell (UML). Now a Professor Emeritus, he continues to teach courses on criminology and criminal justice in UML'S online master's degree program. Dr. Siegel has written extensively in the area of crime and justice, including books on juvenile law, delinquency, criminology, corrections, criminal justice, and criminal procedure. He is a court certified expert on police conduct and has testified in numerous legal cases. Brandon C. Welsh is a Professor of Criminology at Northeastern University and Senior Research Fellow at the Netherlands Institute for the Study of Crime and Law Enforcement in Amsterdam. He received his Ph.D. from Cambridge University in England. His research interests focus on the prevention of crime and delinquency and evidence-based social policy. Dr. Welsh has published extensively in these areas and is an author or editor of ten books.

I bought this book for my Juvenile college course and it worked great for my class! This book has a lot of interesting and useful information in it. The shipping was very fast!

I liked the book for this class because it gave case stories along with teaching the particular subject also websites to view. The important information that is described in the book about the laws were very interesting. The book lets the audience know how there are ways to help the youth and what kinds of problems we are dealing with among the youth. The book gives programs and ideas on how to deter them from trouble or where they could end up.

It was an interesting textbook and I learned a lot of information. It was clear and after I read each chapter I could reflect and remember everything I had just read, it stuck very well in my head and many books do not.

Not something I would sit down to just read. it is a decent book for a college course, but that is about it.

Still in pretty okay condition but it already had a little water damage when I got it.

Made an A in this class, book was clear and easy to follow.

Awesome experience !! Book was not damaged or anything .

Great condition and awesome price!!
