Another wonderful book by Andr  Klein. I'm making my way through all the Dino books, and this one looks to be as lovely as the rest. And what's more, they really work! My German is improving simply by reading these stories one by one.

I consider myself an advanced beginner. I've had trouble finding appropriate reading material. This book nailed it. I especially liked the eBook version which provided instant phrase translation. Fun story.

I am teaching German to a college student and the idea of immersion in the German language is working very well. The German constructions are still simple enough that he can master answering the questions in German. Thank you very much.

Love Klein's stories. Great for adult German learners.

I have all eight books. Great learning tools.

good for learning new vocabulary

Keep the stories coming Andre. These are excellent augmentations for German students to expand vocabulary.

Andrew Klein has done it again. A well written tale with a lot of useful words added to my German vocabulary. As always it is of high quality and entertaining. It provided an interesting insight into Swiss culture and life.
