Customer Reviews

Yeon(Brian) Rhee obtained a Masters of Arts Degree in Statistics at Columbia University, NY. He served as the Mathematical Statistician at the Bureau of Labor Statistics, DC. He is the Head Academic Director at Solomon Academy due to his devotion to the community coupled with his passion for teaching. His mission is to help students of all confidence level excel in academia to build a strong foundation in character, knowledge, and wisdom. Now, Solomon academy is known as the best academy specialized in Math in Northern Virginia. Brian Rhee has published seven books which are available at www.masterprep.net. The titles of his books are AP Calculus, SAT 1 Math, SAT 2 Math level 2, SHSAT/TJHSST Math workbook, IAAT (Iowa Algebra Aptitude Test) volume 1 and volume 2, and CogAT form 7 level 8. He's currently working on other math books which will be introduced in the near future. Brian Rhee has twenty years of teaching experience in math. Currently, he is developing many online math courses with www.masterprep.net for AP Calculus AB and BC, SAT 2 Math level 2 test, SSAT/SHSAT, American Math Competitions such as AMC 10 and AMC 12, and other various math subjects.

I have been an SAT 2 tutor for over 10 years and out of the 6 books or so I have looked at, this is the best one. For my course, I used to assign homework from the Barron's book, but the problems there are far more difficult than the actual exam, and, even more problematic, there are many topics in that book that don't ever appear on the actual exam (eg, foci of conics, among others). This book has nearly all the content covered with appropriate problems, and it is presented in a very organized way with excellent explanations. Minor quibble: There are not enough problems on 3D solids and matrices. Otherwise, an impressive job - kudos to the authors.

I highly recommend this book for everyone looking for a reliable source to study. It helped me prepare for not only the SAT 2 but with school work as well. Everything is formatted clearly and made easy to comprehend!

This book is absolutely wonderful!
