MacramÃ© might be the answer.Although not quite as inexpensive as it once was (thread, string, and rope can add up if the project is large), macramÃ© is still one of the less expensive handcrafts. You can dress it up with beads, buttons, and bows â “ or you can rely on the beauty of the knots themselves. Read on if this sounds like your kind of craft. We have the book for you. Customer Reviews

This book is very amateurish, knot work is terrible. Showing tying knots while hooking cord around her bare big toe? A joke, total waste of money. The pictures are black and white and very grainy,

poorly done. The pictures on the cover were OBVIOUSLY not made by the author of this book. Very unhappy I wasted good money on this ridiculous book.

You can see why? Everything's reoccupied? This is strong but interests I can't spell the word but still. Interest special folks and others maybe?
